ABOUT US

We are a small, family-owned, Ohio shop that enjoys working with native hardwoods and exotics to create one-of-a-kind pieces for our customers to enjoy. We strive to blend function and form with each piece and display our appreciation for the timber we harvest by giving our clients something that can not only be showcased, but will last a lifetime if properly preserved. We hope you see and feel that in our craftsmanship.

THE WOOD

We work with a large number of domestic hardwoods as well as exotics from all over this rock to develop pieces that are highly durable and vibrant. All of our naturally finished pieces are conditioned with our Wood Butter to help preserve and protect your hardwoods from moisture and microbes. In addition, a 1oz. tin of our Wood Butter is included with every naturally finished board, tray or spoon. Here are just some examples of the woods we work with.

HOW IT WORKS

STEP 1 – Browse this catalog and make your item selections. Each item has its own unique Vavrock Woodworks model #, denoted in each column headed with “**VWW#**”. Write this number down on your order form along with quantity.

STEP 2 – Choose any other options - e.g., Juice Groovy and Personalization and note them on your order form.

STEP 3 – Finalize your order form by totaling your amount and email to us at thebrothers@vavrockwoodworks.com. We will reach out to you to confirm your order, total (including taxes and shipping) and to process your payment.

- Build times are generally less than 2 weeks, however, this can vary. We will do our best to notify you of any significant delays.
- We accept all major credit cards and can ship to anywhere in the domestic United States.

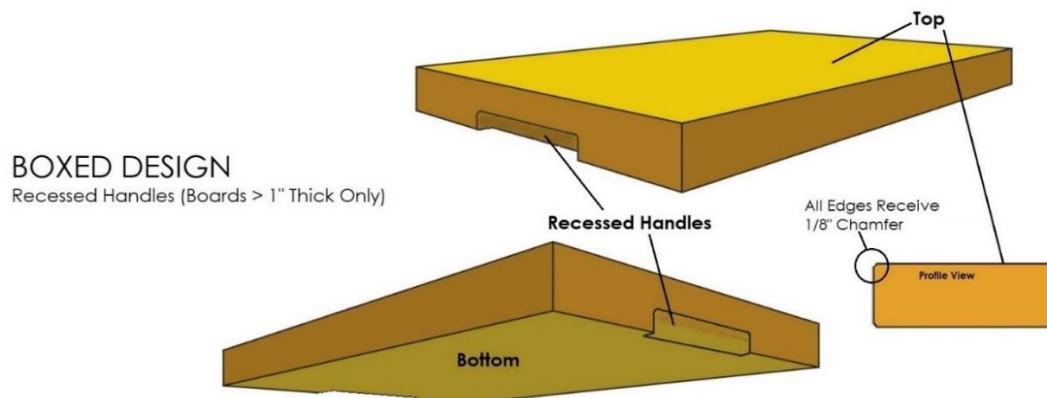

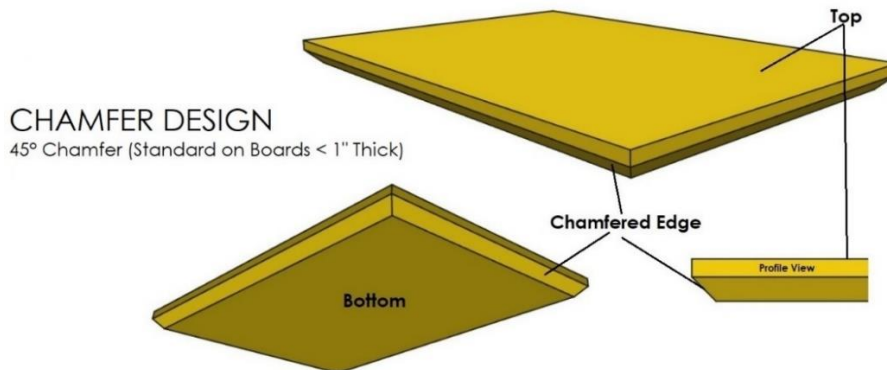

BOARDS, TRAYS & CHARCUTERIE

Welcome to our board, tray and charcuterie section. Please note, almost every piece in this catalog will be given a "natural", food-grade safe finish that includes a multi-stage sanding process and a conditioning bath in our very own wood butter for protection against the elements. Some pieces may receive a polyurethane coat if they are likely to carry glass that can condensate for extended periods of time (whiskey trays, wine racks, etc.). If you see the symbol , this denotes that the piece has been treated with polyurethane.

CHEF BOARDS – INTRODUCTION

Our Chef (Yes, that's you!) Boards come in two basic designs (see below) and are available in 12"x15" or 12"x18". Within this catalog, our board will be arranged either by their primary color (e.g., Cherry, Maple, Walnut) or within our Signature line of boards that include many different exotics that we work with. Juice groove and personalization options are available as add-ons within the order form ([See page 31](#)).

JUICE GROOVY

Optional on any Chef board is your choice of a standard juice groove

= **\$8 / Board**

Or.....

GET REALLY GROOVY!

INTRODUCING our patent pending **Juice Groovy** technology with bottom-inlayed, dishwasher safe accumulation dish. This revolutionary technology promotes the safe drainage of fluids without compromising the board's surface and is easy to handle.

We recess each dish flush with the bottom of the board using a friction fit to make handling convenient without substantial loss of the board's usable top surface.

Try another option by simply removing the dish with the press of one finger for easy cleaning, or set it aside and slide your board directly over an undermounted sink for quick drainage

= **\$15 / Board**

★
Each Juice Groovy option comes with an additional accumulation dish free of charge. ★

END GRAIN BOARDS

End Grain boards provide a very forgiving cutting surface and are beautiful to look at due to the complexity of grain structure and glue-pattern. The end-grain design can also help to limit the amount of visible and tangible surface abrasion over time. To illustrate, see the below infographic. An end-grain board allows a knife blade to spread the end fibers, rather than cutting across fibers. End grain fibers are then more likely to spring back into place.

BOARDS, TRAYS & CHARCUTERIE

PERSONALIZATION

Yes, we can personalize any cutting board, tray or charcuterie board. Make note of your font selection and fill the information in on the order prior to submitting your form.

- Select your font and note on your order form
- 20 Characters or less

= **\$12 / Board**

★ **DESIGNS** – We are currently working on new engraving designs.

Stay tuned, more to come here....

★ **LOGOS** – We can work with logos. Prior to any work commencing, you must provide a vectored black & white or greyscale image of your logo. Please email us with these requests and we will work with you to make your branded dream a reality.

RESURFACING

Does your old board look like this?

We can resurface boards to make it shine like new. Max dimensions are 12" x 20" x up to 6". Our resurfacing process starts by planing the board down slightly to remove surface scoring, then we put the board through our same multi-stage sanding and wood butter bath to leave your dull old board looking like a polished gem.

WINE RACKS

WINE RACKS

FUNDAY WINE RACK

Treat yourself, don't cheat yourself. Everything you need for a fun-filled picnic with that special someone is here! These wine caddies are beautiful, sturdy, lightweight and just what you need to decompress from your terrible week at work. So, grab your favorite bottle of vino, a couple nice glasses, your favorite wheel of cheese and set off on an outdoor excursion that is certain to temp the taste buds and put you back in touch with your significant other.....AND Mother Nature! Truly, the perfect gift for any wedding, anniversary or holiday.

The wine caddy houses two wine glasses (not included) and a bottle of wine (Also not included...nice try!). It can be purchased by itself, or you can upgrade to the "FunDay" package that also includes a brilliant Maple cheese slicing board with integrated matching pinstripe (Black Walnut or Cherry), in addition to two handcrafted rustic wooden spoons that match to your primary color design (Black Walnut or Cherry). Both the cheese slicer and spoons fit conveniently in the lodgepole fence coral integrated into each rack. See below and images for rack options and pricing.

WOOD BUTTER

Want to ensure your board stands the test of time? Have any old cutting boards or spoons that need some new life? Well, look no further! Our very own Vavrock Woodworks Wood Butter can help. We've combined a proprietary blend of food-grade mineral oil and natural beeswax to bring you a wood conditioner that will reinvigorate any naturally finished wood product. Our blend is used on every board, tray and spoon with a natural finish to defend against moisture and microbes. Conditioning is simple to perform in three easy steps...

1. Wash both sides of your cutting board to ensure that it does not warp. Use hot water and soap.
2. Let the board dry completely.
3. Apply Wood Butter liberally to condition and let the board set overnight to dry.

Wood Butter

Our proprietary blend of food-grade mineral oil and natural beeswax. Wood butter is essential to the longevity of any wood piece with a natural finish by helping to keep moisture and microbes away. 3 sizes available.
